Latest Updates

REGULATORY TESTING SYSTEM - 56090127
GOVFORMS - 64090127

TOPIC #1: GOVFORMS: 2009 PBGC PREMIUM FILINGS

My Plan Administration Account (My PAA), PBGC's premium e-filing application, is now ready to accept premium filings for plan years beginning in 2009 (both Estimated Flat-rate Filings and Comprehensive Filings). Information about how to e-file via My PAA (e.g., FAQs and Demos) is on the [Online premium filing \(My PAA\)](#) page of the PBGC Web site.

The GOVFORMS system was updated in November, 2008 to include the implementation of the 2009 Form 1-ES and Comprehensive Filings.

TOPIC #2: GTS: GTS OnDemand

There is a new release of GTS, # 90081122, available to download from www.blazessi.com. The new release includes the new 2009 limits. Whenever you download a new GTS release you should also print and review the "detail" of the release which provides information about all the changes in the release. You can find the "detail" on the right side of the download line.

This new GTS release has provisions for "pay-per-use" GTS, called GTS OnDemand. It is designed for users who prefer to pay for their usage on a plan by plan basis rather than through an annual subscription.

As a result of this change when you access the Test Summary section of GTS and press the Green Button a small window will open with information regarding billing. As a GTS Annual Subscriber you should simply click on "yes" as you have unlimited use.

As your current subscription comes up for renewal you will have the opportunity to switch to GTS OnDemand. If you are interested contact BLAZE SSI for details and cost.
